

Dual Vocational Training Program

Cooperation Between IRC And Vocational Education Commission

News

7 April 2016

On April 7th, 2016, there was a signing ceremony of the cooperation between the Vocational Education Commission, Ministry of Education, represented by Mr. Boonsong Champabhoti, Assistant Secretary General, and Inoue Rubber (Thailand) Public Co.,Ltd, represented by Ms. Witchuda Kupongsak, Managing Director, to present the intention of pushing forward the Dual Vocational Training Program, or Cooperative project between the Company and the Vocational Education Commission, as well as supporting the scholarships. This was for the project to become a concrete accomplishment.

Currently, Thai labor market is lack of professional skilled labors and technicians. **The Company realized that the key organization driver was creating and developing qualified human resources as the organization's needs. This was accord with the Dual Vocational Training Program** of Vocational Education Commission which includes of providing knowledge and practicing professional skills to the student. This project not only gives opportunities to students to readily enter the working world after the graduation, but also

provides knowledge/ skills that meet the qualifications of the organizations.

Therefore, the Company has been willing to open the dual education application for high vocational students who are interested in professional training with the Company. Besides, the Company has provided the training in related sectors as well as has supported the allowance and transportation cost to the students. Students who pass the training will be able to effectively work in the related job field, and will meet with the organization's qualification. Moreover, the Company will also provide the certification for the participated student who pass all the Company's criteria and evaluation.
